## LOOSE LEAF VACUUM COLLECTION

Calvert City's loose leaf vacuum collection begins **November 17 and ends January 12**. Routes follow the same schedule as regular garbage collection, meaning if you are **Route 1 or Route 2 for garbage**, you are the same for leaf collection. Residents are asked to rake their leaves within **five feet** of the edge of the road, as the vacuum hose can only reach that distance, and city crews will not drive into yards. Any leaves not collected by January 12 must be bagged by the homeowner. **Free leaf bags are available for residents at City Hall.**
